No. 50.

## NIGHT RIDERS AGAIN RAMPANT.

Burn Wilson's Warhouse at Golden Pond Between the Rivers.

### ANARCHY IN TRIGG.

Shot at People Who Attempted to Leave Their Houses.

Night riders to the number of twenty or more went to Golden Pond, in Trigg county, Tuesday night and set fire to a tobacco warehouse operated by Mr. Wilson for Wm. Bogard, an independent buyer.

The men were masked and heavily armed. People who came to their doors were driven back by shots and one house shot into several times.

The warehouse with its contents, about 8,000 pounds, was entirely destroyed, upon which there was no insurance.

The wires of the Cumberland Telephone Co., were cut as soon as the incendiaries began their work.

Golden Pond is between the rivers, about five miles beyond Canton, Trigg county.

### BIG CONTRACT

Closed For Concrete Around the Latham Homestead.

Mr. John C. Latham has contracted with the Meacham Construction Co., for about 10,000 feet of concrete pavements, to be constructed on the street fronts and inside walks of the Latham homestead. The work will be done during the month of August and will be under the personal supervision of Rodman Y. Meacham, who is familiar with the New York methods of constructing concrete sidewalks. The materials will all be the finest to be obtained and nothing will be spared to make it the best piece of concrete paving in Western Kentucky.

### FIVE DEATHS

In Goodwin Family Within Two Years.

A telegram was received here by Mr. Albert White yesterday announcing the death of Mrs. Maria Goodwin, wife of Mr. Thomas Goodwin, at her home in Anson, Texas. She had been ill of pneumonia for several weeks. The deceased was a daughter of the late W. S. Goodwin and the oldest sister of Mrs. Albert White. She was reared near Cearleburn but had lived in Texas about twenty-five years. She is survived by her husband. This makes the fifth death in the Goodwin family within the past two years.

### NEW BILLETS

For the Police Force Made by W. D. Ennis.

W. D. Ennis, of the Hopkinsville Lumber Co., has made eight billets of osage orange and presented them to Officer Joe Claxton, who will in turn present them to the police officers. The work is done in the very best style and the sticks are of regulation size, of bright yellow and heavy enough to be used as a most formidable weapon. The weapon is to be used by the Hopkinsville officers, but since it is necessary to carry a billet, or billy as it is best known, it is well enough to have a good one. Mr. Ennis will receive the thanks of the whole force.

### Pioneer Expressman,

Sherly Warfield, col., the oldest express driver of the city, died yesterday at noon, aged 75 years.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

### LANDER-ADCOCK.

Christian County Boy Marines at Campbellsburg.

The marriage of Hugh J. Lander, son of Mr. J. W. Lander, of Church Hill, and Miss Maud Adcock, of Campbellsburg, Ky., occurred Tuesday afternoon. Following the ceremony the young people were tendered a wedding supper by the parents of the bride, after which Mr. and Mrs. Lander came to Louisville, where they were given a box party at the Mary Anderson theater. The young people are now at the home of the groom's parents, where they will spend a few days before going to housekeeping at Newstead.

The bride is eighteen years old, possesses numerous accomplishments, and is very popular in the town in which she was reared. She is a 1906 graduate of Campbellsburg college and is also a graduate of music.

Mr. Lander is 23 years of age and a fine young business man. The statement that he had recently sold out his interest in Lander Bros. store at Campbellsburg was a mistake. The store at that place is their main store and the one to be opened at Newstead in May will be a branch of that establishment.

### MANY OF MOST

Representative Women of Conference Will be Here.

The Woman's Home Mission Society which is to meet in this city from May 12-15 will have in attendance many of the most representative women of the Louisville Conference of the Methodist Church. The president of the Conference, Mrs. Kendall, is noted for her great zeal in the work, and it is hoped that we will also have present Miss Belle Bennett, the president of the General Board of the Woman's Home Mission Society. She has done much great work for the mountain schools at London, Ky., and is well known and honored throughout all Methodism.

It is hoped that the whole town will be interested in these meetings, and give the ladies a warm welcome.

### Notice to Let Contracts.

I will, at my office in Hopkinsville, Ky., on May 7th, 1907, let to the lowest and best bidder, contracts for the construction of two abutments for the new bridge across Little River near Concord Church, about two miles North of Hopkinsville, on the road leading from the Greenville road to the Madisonville road; and also two abutments for a new bridge across the McFarland creek, seven miles East of Crofton, on the Lacy coal road.

I will receive sealed bids and reserve the right to reject any and all bids.

This, April 22nd, 1907. W. J. Murphy.

## GREAT TRIP IS IN STORE

For the Victors in the Kentuckian's Jamestown Contest.

### RACE GETTING WARM.

Votes Being Cast by Parties From Nearly Every State.

The Jamestown contest is booming and the vote is increasing with each day. The published figures only show the ballots cast, but there are many coupons being issued which will be voted and counted later. Friends of the various contestants are at work and in the wind-up there will be a very heavy vote to be counted.

Now is the time to prepare for a pleasant outing during the coming summer, and there is no easier way of obtaining it than the one outlined by the Kentuckian in this contest.

MISS LEDLIE LOGAN.

The above is a picture of Miss Ledlie Logan, who resides in South Christian, near West Fork. Miss Logan is one of seven contestants in district No. 2, in the Jamestown contest, and at present stands third in the list. She is developing strength with each count, and it now looks as if the race in this district will prove one of the liveliest of the four in the country.

# THE WOMEN ARE ALL TALKING ABOUT PE-RU-NA

Over the Entire Earth.  
Read What They Say.

MRS. M. M. MARSHALL

Catarrh of Digestive Organs and Bowels.

MRS. MARY M. MARSHALL, Tipton, Mo., writes:

"I suffered three years with catarrh of the digestive organs and bowels. I was unable to find relief, until as a last resort I was introduced to Peruna."

"At first the use of Peruna, when I was confined to the bed and can say that I experienced benefit from the first dose."

"I have taken five bottles in all and believe that I am cured of my trouble."

"I am enjoying as good health as an old lady of my age could expect. My age is 77."

"I recommend your medicines to sufferers whenever I meet them, and some of my friends are using them with great success."

"I will always feel grateful to you for your grand medicine and kind advice and trust that many others may be greatly benefited as I have been."

Peruna for Bowel Troubles.

Mrs. L. S. Tucker, 882 Second Street, Marion, Ohio, writes:

"Two years ago my grandson suffered with hemorrhages of the bowels and he was treated by different doctors, but without cure."

"We quit all other treatment, and began taking Peruna, and after the use of three bottles he seemed to be quite well. He is able now to walk six miles to school every day."

"Peruna has certainly worked wonders for him, and I shall not hesitate to recommend it."

MISS ANNA CARSTEN

Miss Anna Carsten, Clayton, Ill., writes:

"Your medicine, Peruna, did me so good. I believe I should have been dead by this time if I had not used it."

"I am feeling so well now and have no trouble with my stomach. I have not taken any medicine for four or five months."

"If I am ever troubled with anything of the kind again, I shall take nothing but Peruna. I can cheerfully recommend it to my friends."

A Severe Cough.

Mrs. Emma Martin, Odessa, Mo., writes:

"I cannot thank you enough for curing my son. For two years I doctoring my cough which cost me many dollars, but still I seemed to get worse. My cough was so bad I could not sleep."

"I have just purchased a bottle of Peruna. I took it according to directions, and in a short while I felt better, and after I had taken a second bottle I felt entirely well."

"After the use of six bottles I feel that I am cured, and therefore recommend this grand medicine to all who suffer with a cough as I did."

A Household Remedy.

Mrs. Cath. Ebbeling, R. R. No. 5, Payne, Okla., writes:

"I have better health now than I have had for years, and am fleshier than I have ever been. I am so thankful to you for what you have done for me."

"I cannot praise Peruna enough. I keep it in the house. You have my sincere thanks for your advice."

"My husband is taking Peruna, now. He had such a cough he thought he had consumption, but he is getting better."

"He has taken it only one week and it has done him good."

MISS EVA SCHELLE

Miss Eva Schelle, 127 N. Quincy St., Topeka, Kas., writes:

"Unquestionably Peruna is a splendid specific for catarrhal affections. I was a sufferer with this trouble off and on for a number of years and each fresh cold added to the difficulty."

"I am taking Peruna for a cold and was glad to note that it was a great help in the removal of the cold also."

"I continued to use it faithfully and the result was a complete cure in a very few months."

MRS. CHRISTINA CLOW

Mrs. Christina Clow, 411 E. Platte Ave., Colorado Springs, Colo., writes:

"I have taken Peruna off and on for six years and have found it very beneficial in great many ways."

"I have used it for colds, colds, also for catarrh of the head, and it cured me. I took it for a tonic and it gave me strength. I have every reason to speak well of your medicine."

## FAITH THAT CANNOT BE SHAKEN.

Despite everything that sensational magazines may say, the women of the United States continue to have faith in Peruna.

These women know a great deal more about Peruna than the editors who have, for selfish purposes, written against it.

These women have tried Peruna in their families. "They have taken it themselves. They know it helps."

They have suffered from various ailments, and Peruna has come to their relief, even when the doctors failed to cure them.

Such women cannot be convinced by the additional opinion of their favorite household remedy that a humbug.

Peruna goes right on in its conquest over disease. Its fame is spreading all over the earth.

Especially among American women is Peruna a beloved household remedy. It is entirely useless for anyone to try to dissuade them from the results of their own experience.

Peruna is a remedy for the mucous membranes. It therefore has a bene-

ficial effect upon the internal organs of the body that are lined by mucous membranes.

For various chronic climatic diseases Peruna is a reliable remedy.

The testimonials concerning Peruna are given in the language of the people. We do not change or add to anything they may say concerning it.

The evidence is overwhelming that Peruna is a safe, reliable, invaluable remedy for the household.

Headache and Backache.

Mrs. Franziska Gaengel, Dominion 1, Old Bridgeport Mines, C. B., Canada, writes:

"I thank you for the benefit which I derived from Peruna. There may be many others who are suffering from the same disease that I had, for which they have not yet been able to find the correct remedy."

"For the benefit of such persons I wish to say that I suffered with headache and backache and had a severe cough. I was in bed several weeks and could not do my work. I tried many remedies in vain."

"Then I consulted Dr. Hariman, who advised me to take Peruna and gave me further instructions, which I carefully observed."

"I felt better after taking the first bottle. I have taken several bottles now and am feeling so well that I can do all my work."

"I will never be without Peruna again, and recommend it to all."

Car of the Stomach.

Mrs. Mary Allen, Route 6, Franklin, Tenn., writes:

"I am glad to be able to tell you that I am well of catarrh of the stomach, and am sincerely thankful to you for your advice."

"If it had not been for Peruna I would have given up hope and died three physicians. One of them told my husband that he could not cure me."

"I had been sick about nine months when a friend asked me to try Peruna to gratify her; so I commenced taking it. I can eat and walk and work."

"Everybody says I look as well as I ever did. Oh, you don't know how thankful I feel to you! I have got several other people to take Peruna. I praise it to everybody."

## A Visit to the Eternal City.

LETTER NO. 8.

MILLARD A. JENKINS

S. S. Arabic off Coast of France, April 9th, '07.—The "Arabic" has become quite a pet with the large company of cruisers. It is really interesting to see with what joy they come back to her after a time away doing the cities and seeing the sights of the old world. The hotels are all good. Especially did we find ourselves pleasantly quartered in Cairo, and with only a few exceptions, in all the places we have visited.

Leaving Egypt, we set sail for Naples. On our way we passed some very interesting islands, among them Sicily. A number of us remained on deck till midnight to see the little volcano Stromboli. We saw it, but it was perfectly quiet. Next morning we steamed into the beautiful bay of Naples. Vesuvius was quiet. Naples was alive. When I saw Vesuvius before, she was very active. In fact I saw her only three days before her first eruption a few months ago. The people soon forgot their danger when the volcano quiets down, and go on as before. The mountain does not look the same now, so greatly did the last eruptions disfigure it.

Naples is one of the most beautiful cities of the world for situation. It has been called a paradise. For natural beauty it is, but it is a paradise of devils. They are all liars and rogues by profession. They will steal your countenance. Remind me of the story of the old darkey, who had called in the doctor. Her old "Misses" had heard she was sick and had called. "Did the doctor take your temperature while here?" she asked. "I dunno honey whatall he mout 'ave took. Iaint missed nuthin' but my watch." So if you stay long in Naples you'll miss something.

The museum here is a marvel. It is said to be the greatest in the world next to that of the Vatican at Rome. The treasures from Pompeii are worth a visit to Naples.

My chief interest in the visits I have made to Rome, three in number, has been chiefly in lingering past history. I have lingered about the Forum, the Colosseum, the Pantheon, and coming down to a later day, St. Peter's, grandest of all the buildings to-day. With a peculiar fascination I have driven far out on the Appian way, visited St. Paul's, outside the walls where it is thought the great

grave of St. Peter lies.

Our last stop was at Villefranche, France. From here we drove to Nice and Monte Carlo. Here is some of the grandest scenery I have ever looked upon, and certainly the grandest road I have ever driven to shake the world.

# The DELIGHTS of BALLOONING

READY TO ASCEND

More and more interest is being taken in ballooning in this country as the time approaches for the great international contest at St. Louis this coming summer, and people who have never had the opportunity of a balloon journey or who would have lacked the courage to venture had the opportunity for such a course are eager to read how it feels to others to be caught up into the heavens and to be driven hither and thither by the wild winds like a bit of fleecy cloud. Men aeronauts are common and their experiences have often been related, but the woman balloonist is still among the rarest of the species, and last week the sensations of ballooning had for her not so often been told. There have been numerous women parachute jumpers in this country but few if any balloonists. In Europe, however, there are several daring women aeronauts, among them Princess di Teano. Of her ex-

tance. The toot of a motor-horn and church bells are other sounds that carry very far, and constantly bring back to one's memory the existence of life on earth. Personally I do not care for the middle course in ballooning and my tastes are divided between "trailing" and getting above the clouds. In the second case, there is indeed the most charm of ballooning, to strip your soul and your mind in another world and another life. The sun shines hotly in a blue sky, while beneath your little car and all around it is a wonderland of clouds, over and through which you gently sail, the shadow of the balloon stretching out behind you like a long train of vapor. Some of the effects are marvelous; every cloud has a different color and a different shape, I have seen some purplish-blue ones lying perfectly horizontally across the sky, and great, spiked, craggy, white ones hanging down on the sides of the clouds, and the clouds themselves are of various shapes, smooth stretches of mysterious caverns, and introduce heights that one longed to see in one of its many little bays, and land in this wonderful new country to explore its beauties.

If you have once been in a chariot you can never forget it, and even from your own earth and amongst life's prosy occupations you look at the clouds with new eyes, for they are all old friends. You have been amongst them and know what they look like from the other side. I feel quite a sadness when it is necessary to leave cloud-land, and sink through the mist to see the world, with its white roads and clumps of trees, becoming visible once more.

I am often asked what "trailing" means. The trap-rope, or guide-rope, that hangs from the balloon is generally 250 feet long, so that when you are 50 feet off the ground, you have 50 feet of rope trailing over the country behind you. As soon as the end of the rope touches the ground you are "trailing". It slackens your speed, but steadies the balloon enormously, keeping her always at the right height and enabling you to travel for quite a long time with very little expenditure of ballast. That is all good, but it has its drawbacks. To begin with, people you meet imagine that having descended so low, you wish to alight altogether, and chase the trap-rope in hopes of capturing the balloon. A loose end of rope is necessary to explain that it is not so, and that the individuals get quite huffy at the idea that you do not wish to alight in their field. The long, wriggling line of rope does not damage in the open country, but over houses and flower beds it is a different matter, and it often means sacrificing a little house and risking other people's chimney-nots. On a calm day it is very pleasant to be able to descend gently to the ground by simply opening the valve; and after you have stayed there long enough and wish to go up again, discharging a small quantity of ballast, you will find yourself again to quite a good height. Mr. F. H. Butler told me that in one of his recent ascents he came down no fewer than eight times during the day,

## FACE TO FACE.

A New Problem For Women.

By Dr. Pierce

In the looking-glass a woman often sees wrinkles, hollow circles under her eyes, crow's feet—all because she did not turn to a safe remedy when young, and those wrinkles are distinctly feminine. Backache, flatulence, nervousness, constipation and diarrhea, womenhood bring such uncomfortable things as the face is sure to show it.

Dr. Pierce, a safe, or old, well protected from the blues, nervousness, backache, and the many symptoms of disease as possible, and the best way to do this will conscientiously take Doctor Pierce's Favorite Prescription, a safe and sure remedy for all these troubles, because it contains not a particle of alcohol, digitalis or any deleterious drugs.

With this prescription you will be well on the way to health and happiness. Every woman should have a copy of Doctor Pierce's Favorite Prescription, and have it ready to hand. It is a safe, simple, economical prescription, embodying all the well-known medicinal principles residing in the ingredients, and is easily made, saving time and expense.

It refutes the old wives' tales and malicious attacks, begins forming and other untrustful statements published concerning Dr. Pierce's Family Medicines, which have been so much written about.

Dr. Pierce's Favorite Prescription consists of a powder, containing a number of ingredients entering into them and place them in a small paper wrapper inclosing each bottle. Who ever heard of such a thing? Making these medicines cost Dr. Pierce many years of labor, testing Chemists and pharmacists many years of experiments, but as perfected they produce excellent results, and are saving lives.

Splendid Self-Sacrifice of Old Soldier in the Dark Days of Aga and Poverty.

In point of diversity of character the old soldiers in the national home are not unlike what they were during the civil war. Character tends to fixedness. Habits are not easily changed. Among the members of the home are many whom any man would be glad to know; and if there are others—as it was indeed in the civil war, both in the army and navy—I find it hard to think anything unworthy of one who still wears the coat of the long ago days of the civil war. Time has dealt not altogether kindly with the men in every respect. Many of them for years had good homes from which, for one cause or another, the light had gone out. In the hospital one day I came to the bedside of a veteran who told me he was 85 years old.

"Have you a wife?" I asked. He said he had.

"And how old is she?" I inquired. "Eighty-three," was the reply.

"Well," I added, "it is certainly hard for you to be separated at this time of life."

"Yes," he said, "but the pension money was not enough for us both; and so I came here in order that she might have it all."—World To-Day.

### IRISH WIT.

Pat O'Hooligan gave a dinner to some of his friends. His wife had prepared one chicken, which Pat proceeded to carve to serve his guests. Turning to the lady seated nearest him, he asked, politely:

"What part will you have, Misses Murphy?"

"'O'll take the leg, if yez plaze, soir," she said.

Pat next turned to a little Murphy.

"And what part is the bird will yez hav, young man?"

"'O'll take a g leg, if it plaze ye, soir," replied the little Murphy.

Then Pat addressed Mr. Murphy.

"What's yer chioce iv the bird? Will ye have the white meat?"

"'O'll take another leg, soir, an much obliged for the question," said Mr. Murphy, who always followed his wife's example.

"Begorra," exclaimed Pat, "phwat do yez think I'm carvin'—a spider?"

### HIS REVENGE.

Teacher—Now Willie, I suppose you know that in keeping you after school I punish myself as well as you?

Willie—Oh, yes, miss! That's why I don't mind it.

### AT THE LADIES' AID.

Sister Smith—I hear that Mrs. and Mr. Scattering are to separate.

Sister Brown—Sho! Do tell us all about it.

Sister Jones—That ain't so. They're goin' on a trip together. So there, now.

Sister Smith—Well, maybe you know m'nobody else, but my daughter's husband's brother heard Scattering say that he was goin' abroad and his wife was goin' along. Now if that ain't two different directions, you tell me 'em.—Toledo Blade.

### TOAST A GOOD ONE.

"And now," said the clergyman, holding his glass of water high in air with a bacchanalian gesture—"and now I will propose a splendid toast."

He paused. Then he said earnestly:

"Rusty swords and dirty Bibles."

The guests looked at one another. Was the toast not irreverent? Perceiving finally, however, that it was a toast to peace and godliness they clinked their glasses merrily together.

### Known Excellence and Quality and of Known Component Parts.

To gain the full confidence of the Well-Informed of the world and the approval of the most eminent physicians, it is essential that the component parts be known to and approved by them, and, therefore, the California Fig Syrup Company has published for many years past in its advertisements and upon every package a full statement thereof. The perfect purity and uniformity of product which they demand in a laxative remedy of an ethical character are assured by the California Fig Syrup Company's original method of manufacture, known to the Company only.

There are other ethical remedies approved by physicians, but the product of the California Fig Syrup Company possesses the advantage over all other family laxatives that it cleanses, sweetens and relieves the internal organs on which it acts, without disturbing the natural functions or any debilitating after effects and without having to increase the quantity from time to time.

This valuable remedy has been long and favorably known under the name of Syrup of Figs, and has attained worldwide acceptance as the most excellent of all laxatives. And, in addition to its pure laxative principle obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives. We have adopted the more elaborate name of Syrup of Figs and Elixir of Senna, as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs; and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for Syrup of Figs, or by the full name, Syrup of Figs and Elixir of Senna, as Syrup of Figs and Elixir of Senna is the one laxative remedy manufactured by the California Fig Syrup Company, and the same heretofore known by the name, Syrup of Figs, which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

## Livery Change

I have bought the livery business of Evitts & Courtney, on North Main street, and would be glad to have my old friends and customers call on me. I am going to do a general livery business, keep none but the best help, board horses, furnish the very best rigs and guarantees satisfaction in every way. I am the old man in the business in the city and am not afraid to make the assertion that I will please all.

## READ THE REST!

### The Jamestown Exposition

Which is to be held near Norfolk, Va., in 1907, will be absolutely unique and will represent, together with the United States and foreign naval display in conjunction with it, more than \$300,000,000.00. A visit to this great international exposition will be a liberal education. It will open April 26th, 1907, and close November 30.

Read Carefully Our Plan!

THE KENTUCKIAN will send to the Jamestown Exposition the four most popular young women in Christian County. The Kentuckian will pay every cent of expense, including railroad fare; Pullman fare; meals on train; hotel bills; street car admission to grounds and amusement concessions; side trips to points in the vicinity of the Exposition grounds.

The contest is open to any young lady making her home in Christian county. For each year's subscription to the Kentuckian at \$2.00 the subscriber will be entitled to cast 40 votes.

Our contest began Nov. 15th and will continue for 6 months; to May 15.

YOU choose the candidate—WE don't. The minute a vote is cast for a young woman she becomes a candidate and her name is placed upon the published list, together with the total vote cast for her up to the time the list is published.

When a subscription is received at this office the subscriber is first credited with the amount of his subscription and the number of votes his subscription represents is credited to the candidate named by him.

The vote will be COUNTED EVERY FRIDAY at noon and each candidate will be credited with her new vote and her total vote to date and the result will be published in the next issue of the Kentuckian.

**KRESO**

Combination of Coal-Tar Derivatives.  
NON-CARBOLIC.

A STANDARDIZED DISINFECTANT, ANTISEPTIC  
CLEANSER, DEODORIZER AND PURIFIER

Kreso possesses advantages which make it better and safer than any other material for household disinfecting. It is preferable to carbolic acid, because it does not burn, to chlorine, lime, copperas, etc., because

First. It is safe. In the dilute recommended it is practically non-poisonous, and can therefore be used freely, and is safe to have around. It is not caustic or irritating; it does not attack metals, and therefore does not destroy plumbing. It does not permanently stain wash fabrics.

Second. It is effective. Our laboratory tests require that in a 1% solution it must destroy the most resistant disease-germ (the green pea germ) in one minute. It thus disinfects, cleanses and purifies. It destroys foul odors, not by substituting another, but by destroying the cause of the odors.

Third. It is standardized; always the same. You can depend upon it.

Kreso is particularly valuable in preventing an outbreak of contagious diseases, by destroying infections, purifying and promoting sanitation. It is the ideal disinfectant for HOSPITALS, SPITALS, PUBLIC SCHOOLS, ROOMS, BATH-ROOMS, WATER-CLOSETS, URINALS, KITCHEN SINKS, STORE ROOMS, OUT-HOUSES, GARAGE BOXES, CESSPOOLS, STABLES, DOG-KENNELS, CAGES, ETC.

For all general disinfecting purposes mix Kreso with water (water preferred) in the following proportions:

1 tablespoonful Kreso,  
1 pint Kreso,  
making approximately a 1 to 100 solution.
